**11323**

**BOZEMAN**

**WARM EMBER**

A loosely spun cotton boucle yarn is the secret behind the lofty texture of rustic Bozeman. Reminiscent of an exaggerated terry cloth, the simplicity of this inviting fabric masks a complex infrastructure and dense construction geared toward stabilizing this highly textural boucle. Yarns in latte and rust are featured in Warm Ember.

<b>WIDTH:</b>	55"
<b>CONTENT:</b>	71% COTTON 29% RAYON
