ESPLANADE

GLACIER LAKE

Esplanade offers a fashionable appearance in a durable upholstery fabric with an irresistibly soft hand for residential or contract use. Fluffy bands of navy chenille are offset by a sleek multi-tonal ottoman weave to create a handsome horizontal striped effect. The sandy ottoman stripe is comprised of a multitude of subtly nuanced khaki and earth-toned neutrals offering a pleasing contrast to the deep blue chenille for which Esplanade in Glacier Lake takes its name.
