SEVILLE

WINTER SAGE

A low profile architectural chenille, Seville offers a pleasing hand and neat grid-like appearance for residential upholstery application. The characteristic glisten of rayon is more a staple than an accent in this highly textural fabric. Soft matte chenille in navy blue alternates with tightly spun rayon boucle in khaki and thick gauge cotton warp yarns in tan to create a variegation of both color and sheen in Denim Blue.

WIDTH:	56"
CONTENT:	53% RAYON 47% COTTON
FINISH:	ACRYLIC-BACKED
