**SEVILLE**

**CHOCOLATE**

A low profile architectural chenille, Seville offers a pleasing hand and neat grid-like appearance for residential upholstery application. The characteristic glisten of rayon is more a staple than an accent in this highly textural fabric. Soft matte chenille in cream alternates with tightly spun rayon boucle in French vanilla and thick gauge cotton yarns in tan to create a variegation of both color and sheen in Soft Cream.

**WIDTH:** 56"  
**CONTENT:** 53% RAYON 47% COTTON  
**FINISH:** ACRYLIC-BACKED
