CONNECTION

WHITE NOISE

The only non-linen inclusion of the Liaison Collection, Connection features luxurious Egyptian cotton in a small scale geometric styling reminiscent of AH favorite, Tessera, but with greater contrast of matte-sheen and high-low relief. Aptly named White Noise features white textural surface yarns juxtaposed against a sleek cream-colored ground. Overall glitz and glimmer suggest sophistication while nubby surface yarns connote casual comfort for this upholstery fabric suited to both residential and contract applications.

WIDTH: 54"

CONTENT: 49% COTTON 25% EGYPTIAN COTTON 25% POLYESTER 1% NYLON

FINISH: COLD CALENDER

COUNTRY: USA
