**11447**

**CONNECTION**

**GOLDEN GRID**

The only non-linen inclusion of the Liaison Collection, Connection features luxurious Egyptian cotton in a small scale geometric styling reminiscent of AH favorite, Tessera, but with greater contrast of matte-sheen and high-low relief. Aptly named Golden Grid features textural yellow tinged surface yarns juxtaposed against a sleek gold ground. Overall glitz and glimmer suggest sophistication while nubby surface yarns connote casual comfort for this upholstery fabric suited to both residential and contract applications.
