ROBIN'S EGG

The premium linens of Calvin's Liaison Collection are woven from the highest quality Belgian linen yarns available, by one of the most respected long-standing textile mills in America. You won't find these exclusive luxury fabrics anywhere else!

One of the American woven Liaison Collection's premium linens, Tryst adds a twist with a braided surface detail that projects an illusion of ticking. Upon close inspection, the substantial icy blue stripes in Robin's Egg offer exquisite texture and visual relief while a thinner parallel white stripe punctuates the flaxen ground between each braid accenting the subtle beauty of the raised details. The characteristically soft hand and smooth finish afforded to premium linens are preserved in this distinct item suitable for a multitude of residential applications.
