KAPA

LAVA ROCK

Kapa offers a modest homage to the ancient barkcloth created throughout Polynesia for ages. Calvin's U.S. woven tribute is soft, lovely and pliable in 100% cotton, with an acrylic backing and abrasion standard suitable for both residential and commercial upholstery use. Cream and grey yarns intersect to highlight the textural qualities and grid-like appearance characteristic of historic barkcloth in steely Lava Rock.

WIDTH:	54"
